Jonathan Lee Recruitment

Who we are

For over 45 years, Jonathan Lee Recruitment has been providing exceptional people and a premier service to the technology, engineering and manufacturing sectors globally.

Our specialist team of technical and industry professionals offer a consultative approach bringing an in-depth understanding of the skills, experience and personal attributes required for a variety of roles from entry-level graduate positions to executive and board-level appointments.

Our suite of services has evolved to address any resourcing challenge a client may face, covering permanent and contract recruitment, interim management, search & selection, managed services, talent management solutions and design services.

With over 85% repeat business annually, we build relationships for the long-term, committing to continuous improvement, working closely with industry partners and professional bodies to support our candidates, clients and the wider market.

“Jonathan Lee Recruitment was born over 45 years ago out of my personal passion for engineering and an understanding of the importance of a strong innovative manufacturing sector to the UK economy.

We have strived to establish and maintain a supportive, teamworking culture where the customer comes first and where honesty, integrity, professionalism, knowledge and empathy lie at the heart of everything we do.”

Jonathan Lee - Chairman

What we can do for you

We offer permanent, interim and contract recruitment services for the various sectors that make up the transport & future mobility industry, including:

Automotive

Aerospace & Aviation

Motorsport

Truck & Bus

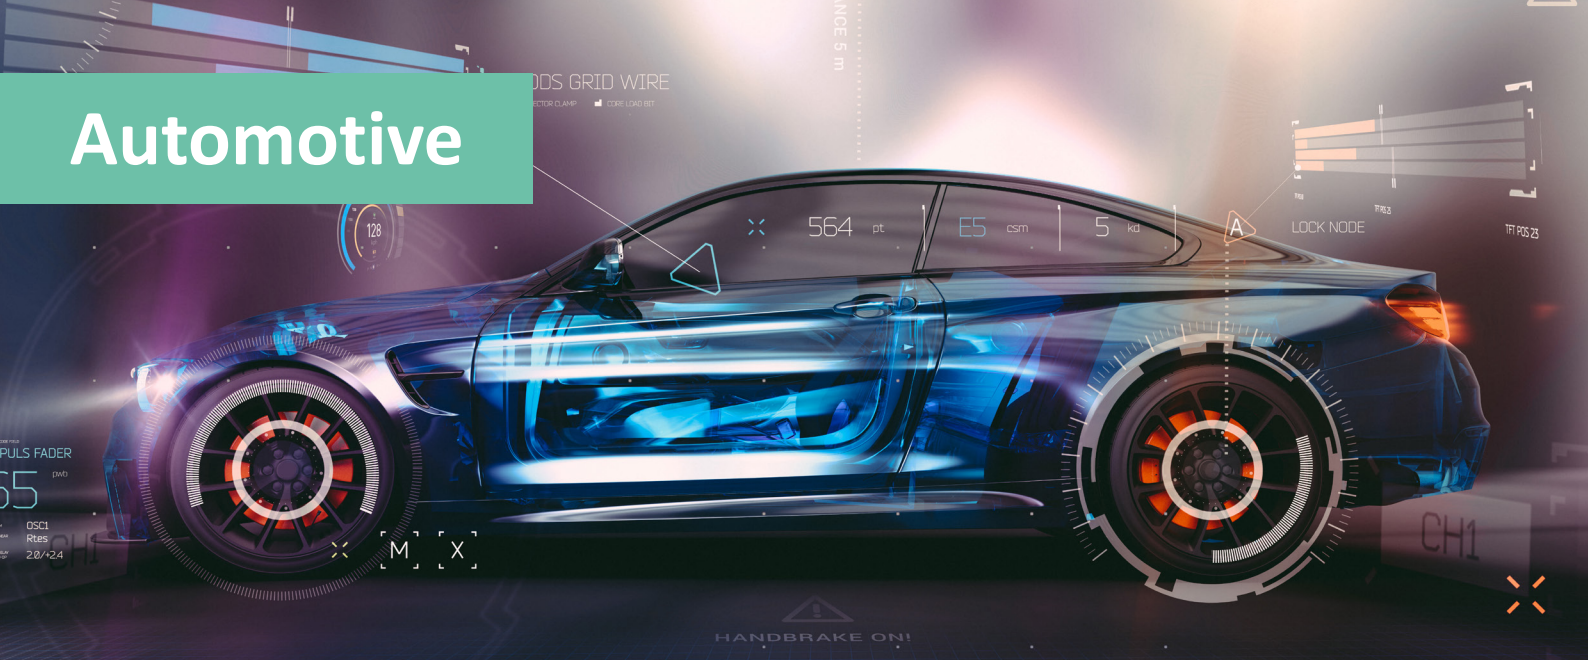

Off-Highway

Additional services

Automotive

Having evolved with the sector over four decades, Jonathan Lee Recruitment's capabilities are strongly aligned with the advanced technologies associated with contemporary and future automotive and motorsport development.

We provide permanent, contract and interim recruitment solutions to OEMs, tier 1 and 2 suppliers, technology developers, consultancies and research institutions. Covering the complete automotive product lifecycle across product development, manufacturing and commercial roles, we support passenger car, motorsport, motorcycle, commercial and off-highway vehicle applications.

As many of our consultants are industry specialists, we are uniquely equipped to source the specialist skill-sets that will assist businesses to take advantage of digital manufacturing and the internet of things (IoT), connected and autonomous vehicles (CAVs), low emission vehicles and advanced materials.

We are industry supporters of the Society of Motor Manufacturers & Traders (SMMT), and the IMechE.

For more information on our automotive recruitment services visit: www.jonlee.co.uk/automotive

Aerospace & Aviation

Jonathan Lee Recruitment's Aerospace & Aviation division offers a unique level of expertise in sourcing for specialist roles in civil and military aerospace as well as supporting the aviation and maintenance, repair and overhaul sector.

We support airports, aviation services (rotary and fixed wing), aircraft (civil, commercial and defence), the airline industry (commercial and civil), fleet operators across disciplines such as: aviation flight safety, ground staff, airport staff, airport security, MRO, airworthiness and all aspects of engineering including CNC machining, sales and marketing, commercial, logistics, manufacturing, product design quality, project and programme management.

With experienced consultants from industry, we work with major brands in the UK, Europe and Middle East.

Jonathan Lee Recruitment is also a signatory to the Armed Forces Covenant, working with clients to find opportunities for ex-forces personnel and is a long-standing member of the Midlands Aerospace Alliance.

For more information on our aerospace & aviation recruitment services visit: www.jonlee.co.uk/aerospace-and-aviation

Motorsport

Jonathan Lee Recruitment's Motorsport division provides solutions across three dedicated divisions: product development, manufacturing and commercial throughout the entire product life cycle.

Clients include OEMs, tier 1, 2 and 3 suppliers and SMEs through to teams competing in FIA F1 motor racing, F2, F3, Le Mans, IndyCar, NASCAR, BTCC, DTMs, British GT Championship, WRC and WRX.

As many of our consultants are industry specialists from relevant engineering backgrounds, including advanced engineering, automotive, full-vehicle development, powertrain, electrical and electronics, mechanical engineering, quality, we pride ourselves on our in-depth

understanding of the skills, experience and personal attributes required for specialist motorsport engineering roles.

Previous winner of 'Service to the Industry Award' at the MIA Business Excellence Awards has secured us pole position as a leading supplier in the motorsport industry.

We are industry supporters of the Society of Motor Manufacturers & Traders (SMMT), and the IMechE.

Truck & Bus

Jonathan Lee Recruitment's Truck & Bus division provides best-in-class recruitment services in three dedicated areas: product development, manufacturing and commercial across: commercial Vehicles – PSVs (bus and coach) – trucks – HGVs/LGVs.

Working in partnership with our global clients including OEMs, 1st and 2nd tier suppliers, SMEs, R&D centres, design consultancies, supply chain and aftermarket businesses, we are committed to a culture of continuous improvement, providing clients with world-class recruitment services to keep us at the forefront of industry evolution.

As many of our consultants come from relevant backgrounds including the truck & bus, automotive, manufacturing and electronics sectors, we pride ourselves on our in-depth understanding of the skills, experience and personal attributes required for specialist roles.

Jonathan Lee Recruitment is affiliated to the SMMT, industry supporter to the IMechE and REC accredited.

Off-Highway

For over 45 years, we have provided the very best resourcing solutions to off-highway manufacturers, construction and yellow goods, materials handling equipment and agricultural equipment and machinery sectors.

Many of our consultants are industry specialists from relevant engineering backgrounds, including automotive, defence, manufacturing, powertrain and electronics and we pride ourselves on our in-depth understanding of the skills, experience and personal attributes required for specialist engineering and manufacturing roles.

Working in partnership with our global clients, who range from key industrial off-highway OEMs through to SMEs, covering sectors from construction to power generation over a range of mobile equipment (excavators, dumpers, loaders, tractors, trailers, forklifts, cranes, work platforms, telescopic handlers), we are committed to providing clients with world-class recruitment solutions.
